Local Hire Goals

The Prime Contractor and its C/S/Es (of any tier) are responsible for complying with the DPW-PLA and DPW-Policy requirements.

1. 30% of all hours worked shall be performed by local residents residing within Tier 1 and Tier 2 zip codes*.
2. 50% of all apprentice hours required by State law shall be performed by local apprentices residing within Tier 1 and Tier 2 zip codes.
3. 10% of all hours worked shall be performed by City of Los Angeles residents classified as “Transitional Workers” as described in the DPW-PLA and Policy.

NOTE:

The federal government is offering a tax credit to employers who hire individuals who are transitioning to good paying, steady jobs. The Work Opportunity Tax Credit (WOTC) not only helps provide opportunities for potential workers, but it can also result in significant financial benefits to employers.

By offering tax credits to employers who hire individuals from certain target groups who have consistently faced significant barriers to employment, employers can receive tax credits from \$1,200 to \$9,600 per individual, depending on the circumstances of the employee hired. An employer may claim a tax credit equal to between 25% and 40% of the individual’s first year wages up to the maximum credit. The targeted groups include veterans, ex-felons and individuals from certain economically challenged areas. These areas include many of the areas listed in the City PLA’s list of targeted zip codes. Questions can be answered by emailing the Department of Labor at: Ask.WOTC@dol.gov.

For more information, go to the Department of Labor, Employment and Training Administration website at www.doleta.gov/business/incentives/opptax/. Or, do a search on WOTC.
